

Purified Drinking Water

In addition to having luxurious soft water throughout your home, additional upgrades are available to greatly improve the quality and safety of your drinking water.

AQUA FLO®

Platinum QCRO4V-50

The Aqua Flo® QCRO is certified for the reduction of harmful contaminants including lead and PFAS/PFOS. The quick change filters and membrane take seconds to replace.

QCRO4V-50 system certified by IAPMO R&T to NSF/ANSI 58 and CSA B483.1 for the reduction of the following substances, as verified and substantiated by test data: Barium, Cadmium, Copper, Fluoride, Hexavalent Chromium, Lead, Arsenic (V) (less than 300 ppb reduction), Radium 226/228, Selenium, TDS, Trivalent Chromium, Turbidity, and PFOA/PFOS.

UV Disinfection for Whole House

AQUV™ by AQUA FLO®

AQUV ultraviolet disinfection systems provide proven microbiological (bacteria & virus) protection from issues in water including **E.coli**, **Cryptosporidium** and **Giardia Lambliia** without the use of chemicals.

WaterGroup

TOTAL HOME PROTECTION

Trust the Professionals!

WaterGroup water conditioning products are available only through licenced plumbing professionals. Our **Certified Key Dealer™ Plumbers** are professionally trained to install and service WaterGroup water conditioning products.

WaterGroup Delivers Quality You Can Count On!

WaterGroup has been supporting the water conditioning needs of the plumbing professional for over 50 years. Our 200 employees have an average tenure of 20+ years bringing our customers unparalleled support. WaterGroup products are engineered and assembled in one of our six North American facilities.

- ➔ Professional-grade, 3rd party certified products
- ➔ Leading-edge technology
- ➔ Strong warranty coverage
- ➔ Expert installation & service

WaterGroup is a division of Canature WaterGroup.

WaterGroup®

Your Plumbing Professional

WaterGroup® Life is Better with Soft Water!

WaterGroup

TOTAL HOME PROTECTION

Professionally Installed Water Treatment Solutions.

Enjoy the Benefits of Soft Water...

Save Money

- ➔ Lower water heating costs by 30%*
- ➔ Lower soap and detergent use by up to 50%*

Protect Your Home

- ➔ Prevent costly scale build-up in pipes, faucets & showerheads
- ➔ Avoid premature failure of water heaters & other water using appliances

Uses up to **75% less Salt** & **64% less Water!**

Live Better

- ➔ Brighter, softer laundry
- ➔ Sparkling dishes

Feel Better

- ➔ Healthier skin
- ➔ Softer, healthier hair

WaterGroup 185 Cabinet Softener

* Water Quality Research Foundation Studies (2010 Detergent savings study, 2009 Energy Savings Study)

WaterGroup

TOTAL HOME PROTECTION

	185 HTO	185 HE SOFTENER	185 SIM	185 HEDP
APPLICATION	Ideal for municipal hard water. Removes hardness, bad taste and odour caused by chlorine, chloramines, or organic matter. High efficiency softening that offers significant salt and water savings each year.	High efficiency softening that offers significant salt and water savings each year. Available in cabinet versions for 3/4 and 1 cu ft models	Specially designed for low pH (acidic) high iron and hardness removal. The SIM Series is an effective, efficient and economical solution for softening hard water and reducing iron.	High hardness applications. The first tank significantly reduces the water hardness and the second tank acts as a "polisher" by removing all remaining hardness.
REMOVES HARDNESS	YES	YES	YES	YES > 75 gpg
REDUCES CHLORINE AND CHLORAMINES	YES			
REDUCES IRON		YES ≤ 2.0 ppm max iron (clear water iron)	YES ≤ 10.0 ppm total iron* if pH < 7.2* ≤ 7.0 ppm total iron if pH > 7.2* (clear water iron)	YES ≤ 2.0 ppm max iron (clear water iron)
REDUCES MANGANESE		YES ≤ 0.75 ppm max (clear water manganese)	YES ≤ 5.0 ppm included with total iron* (clear water manganese)	YES ≤ 0.75 ppm max (clear water manganese)

* Total iron = iron ppm x 1 plus manganese ppm x 2

Plus, the Added Benefits of Whole-House Carbon Filtration!

The WaterGroup HTO whole-house refiner combines two systems into one giving you truly refined water throughout your home!

WG185HTO-150

Great Tasting, Healthy Water

Drinking lots of water should be at the core of your health routine. Ingesting lots of chlorine and harmful contaminants should not!

Protect Skin & Hair

Exposure to harsh chlorine and chemicals can damage your skin causing excessive dryness.

Protect Plumbing & Appliances

Chlorine quickly destroys rubber seals & gaskets causing costly leaks. Chloramines are corrosive and can cause pin hole leaks in pipes.

Breath Easy

Clean, healthy air... free from chlorine and volatile organic chemicals (VOC's). Steam from showers can contaminate the air you breathe.

Are anti-scale devices the same as water softeners?

The answer is NO. But, according to a recent consumer survey, 28% of respondents believe they are¹. Anti-scale devices do not soften water by removing hardness minerals. While they provide some level of scale reduction, they are not as effective as salt-based softeners nor do they provide all the benefits of soft water.
